PUZZLE / DEFINITION WORKSHEET / SOLUTION

VOCABULARY CLUES / Use the word bank on page 1.

1. A network of crossing reference lines

2. A vertical arrangement of entries

3. Horizontal arrangements of entries

4. The point where coordinate values are zero

5. A number specifying position in a reference system

6. The horizontal coordinate in a Cartesian plane

7. The vertical coordinate in a Cartesian plane

8. Reference lines used for coordinates

9. One of four regions divided by two axes

10. The relationship between represented and actual units

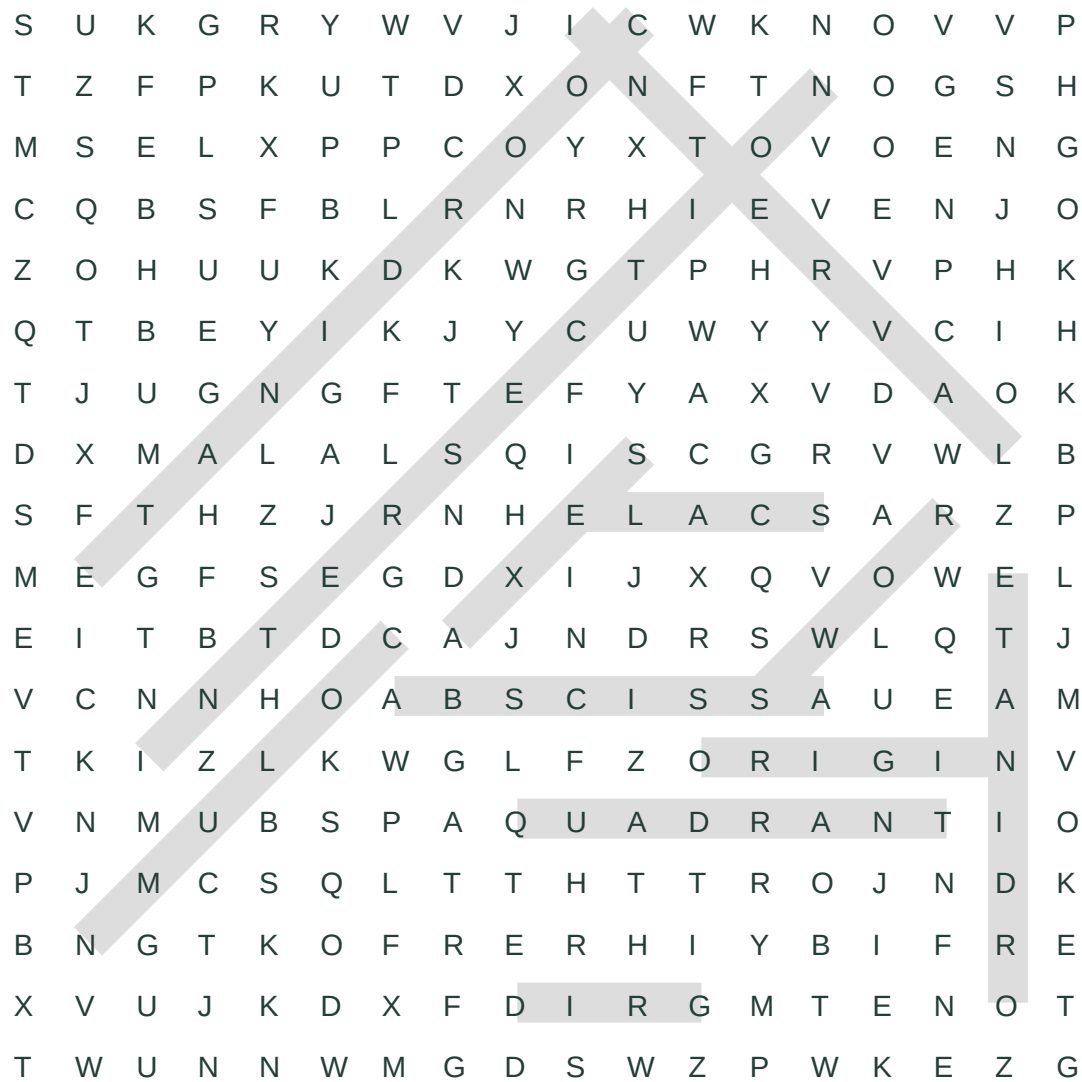

11. The spacing between successive reference values

12. A location shared by crossing lines
