Digital Image Vocabulary - word search

PUZZLE / DEFINITION WORKSHEET / SOLUTION

VOCABULARY CLUES / Use the word bank on page 1.

1. A picture element in a sampled image

2. An image representation based on a pixel grid

3. An image representation based on geometric descriptions

4. A pixel based image representation

5. A defined collection of colors

6. The difference between light and dark or other values

7. Removing outer portions of an image

8. To calculate an image on a different sampling grid

9. The horizontal dimension of an image

10. The vertical dimension of an image

11. The defined organization of image file data

12. The degree to which a layer blocks what is behind
