PUZZLE / DEFINITION WORKSHEET / SOLUTION

VOCABULARY CLUES / Use the word bank on page 1.

1. A metallic element used to make many steels

2. An iron based alloy containing controlled carbon

3. A lightweight metallic element

4. A reddish metallic element that conducts electricity well

5. An alloy mainly of copper and zinc

6. A copper based alloy commonly containing tin

7. A metallic element used in galvanizing

8. A metallic element used in many alloys

9. A metallic element used in stainless alloys

10. A lightweight strong metallic element

11. A dense precious metallic element

12. A lustrous metallic element with high conductivity
