Soil Properties - word search

PUZZLE / DEFINITION WORKSHEET / SOLUTION

VOCABULARY CLUES / Use the word bank on page 1.

1. The relative proportions of soil particle sizes

2. The amount of pore space in a material

3. The movement of excess water away

4. The supply or movement of air through material

5. Water present in a substance

6. The degree of acidic character

7. The amount of dissolved salts

8. Mass per unit volume

9. Dark decomposed organic material in soil

10. Soil with a mixture of particle sizes

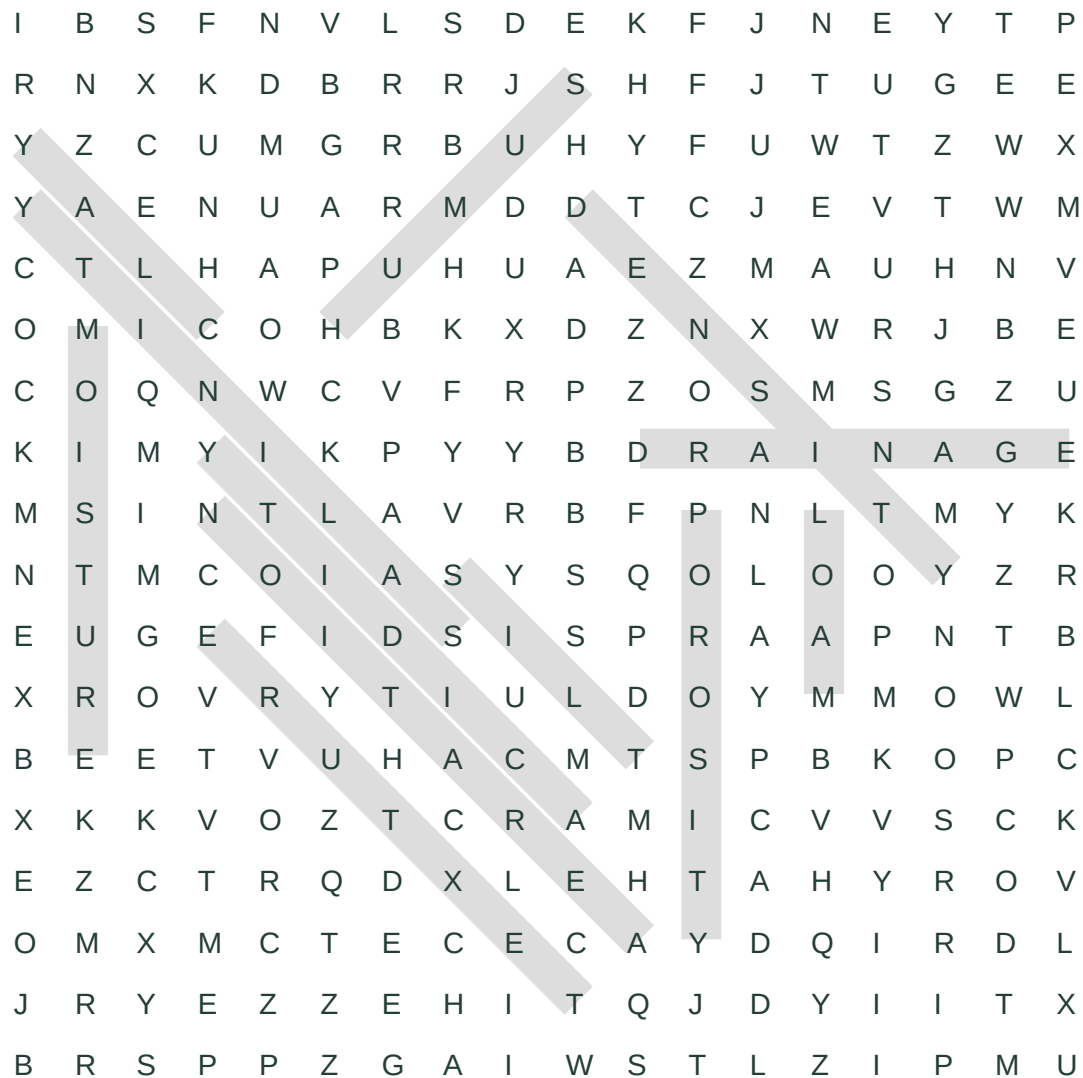

11. Soil particles between sand and clay in size

12. Very fine mineral soil particles
