PUZZLE / DEFINITION WORKSHEET / SOLUTION

VOCABULARY CLUES / Use the word bank on page 1.

1. A solid with six square faces

2. A surface equally distant from a center in space

3. A solid with parallel matching circular bases

4. A solid tapering from a circular base to an apex

5. A polyhedron with matching parallel polygonal bases

6. A polyhedron with a base and triangular side faces

7. A ring shaped surface formed around an axis

8. A solid with six rectangular faces

9. A stretched or compressed sphere shaped surface

10. A polyhedron with four triangular faces

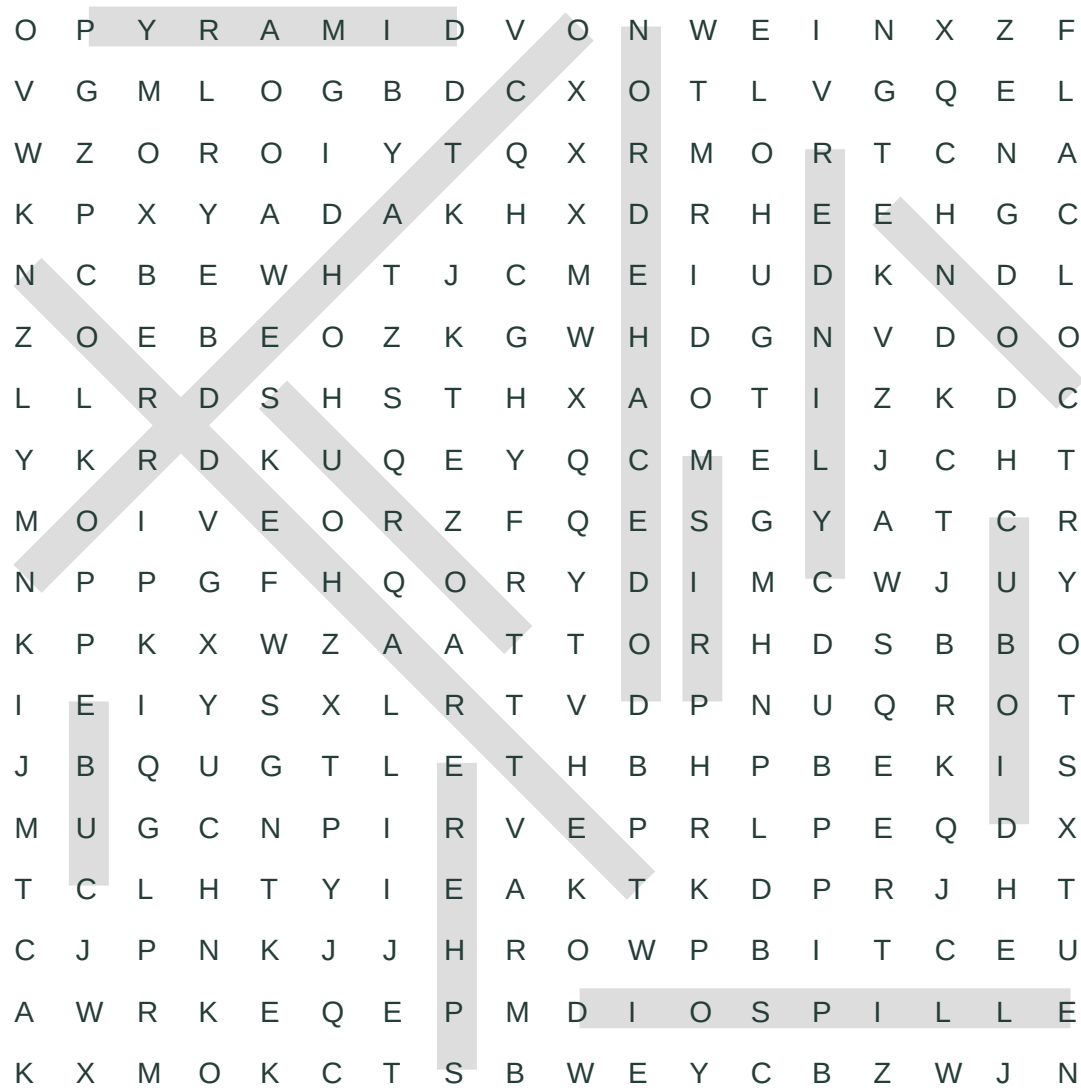

11. A polyhedron with eight faces

12. A polyhedron with twelve faces
