PUZZLE / DEFINITION WORKSHEET / SOLUTION

VOCABULARY CLUES / Use the word bank on page 1.

1. A repeated motion around a resting state

2. The number of cycles per unit time

3. The maximum displacement from a wave resting value

4. The perceived high or low character of sound

5. A common term for sound loudness level

6. A strong response near a natural frequency

7. A delayed reflected sound

8. A logarithmic unit used for level ratios

9. The study of sound and its behavior

10. A component above a sound fundamental frequency

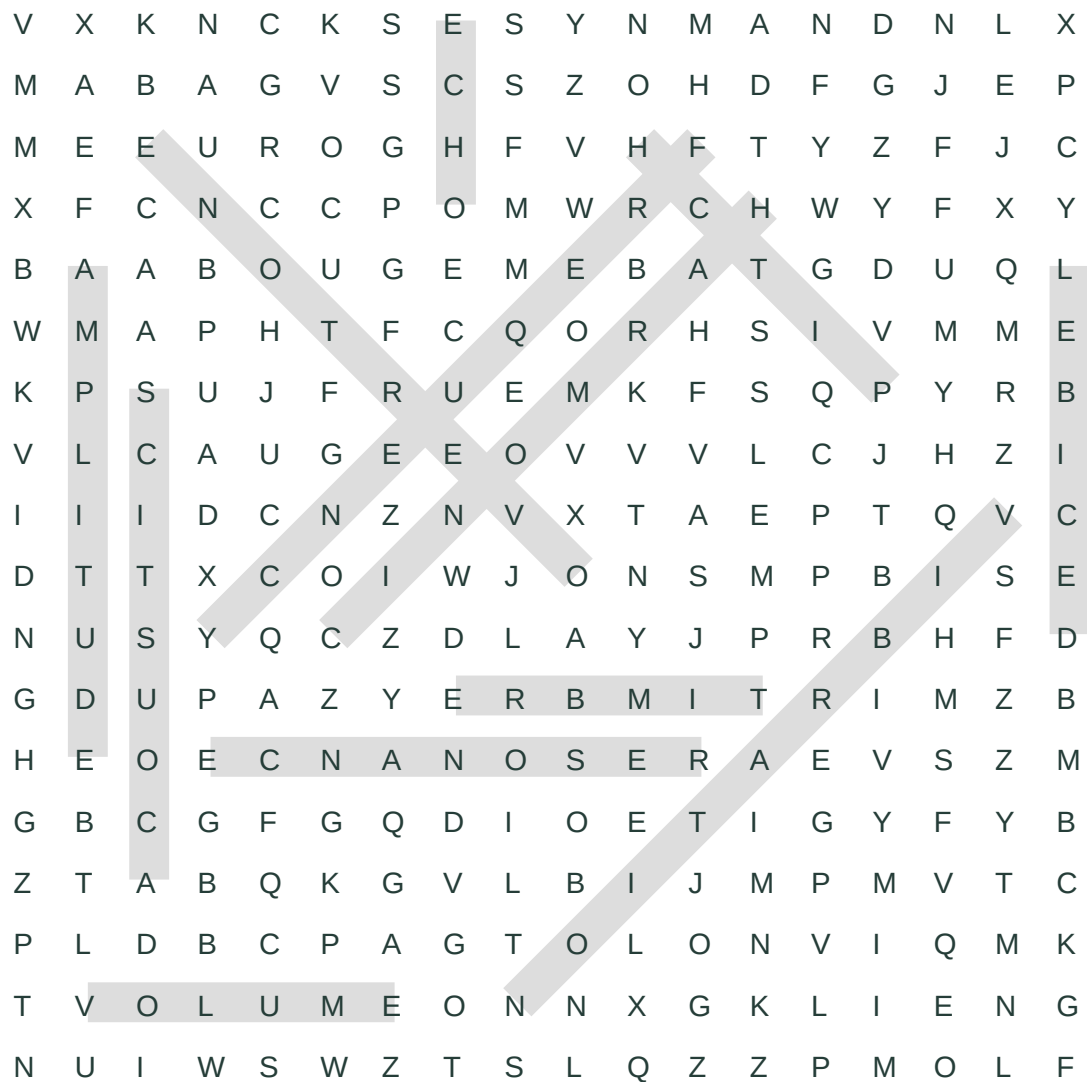

11. A frequency that is an integer multiple of a fundamental

12. The sound quality distinguishing similar pitches
